

Working with EIS Waste Services

FEL Collection Service

The NEW FEL Service compliments our existing fleet of vehicles to provide a cost effective and compliant service:-

- Reduced Transport Costs
- Rapid Call out for additional uplifts
- Full compliance with all legislation
- Lockable Containers
- Scheduled Uplifts
- Forklift Pockets to allow easy repositioning
- Separate Cardboard Collections

8 cubic yard Container (as illustration above) Ht 2.45 mtrs, W 1.87 mtrs, Length 1.89 mtrs

The Landfill Alternative.....

Legislation over the last few years has made Landfill a costly option, however with our investment in recycling technology we can now provide the benefits of a Materials Recycling Facility.

- Reduced and Sustainable Disposal Costs
- Improved Recycling
- Improved Environmental Compliance

The “One Stop Waste Solution”

We can provide a package of recycling, waste collection and hazardous waste services which will benefit your company at a time when legislation becomes ever more complex. With our knowledge and expertise at hand we will work with you to reduce cost and improve efficiency.
